

Leash on Life

November 2009

Monday - Friday 10 to 6
Saturday 9 to 4
Sunday Closed

New Look, Same Great Guy...

This year we will have new digs for Santa to have his picture taken with your pet. For those of you that had your picture taken with Santa in the past, we will have a new 'set' this year. Our photos are not like those taken elsewhere. We have a great stage and photos taken professionally by Laurie Haag. You can also order your holiday cards at the same time. All the proceeds go to Paws and More Shelter in Washington and The Iowa City Animal Center. Santa is a very popular guy, so please call now to set up an appointment for **November 21st or 22nd**. A donation of \$25 per pet is requested.

Hop to It...

New to Leash on Life are supplies for rabbits! We have been reading up and learning as much as we can. We now have several varieties of hay, pellets, treats and hay bungalows. High-quality hay is essential to the health of rabbits. First-rate hay provides a long-strand fiber source that is needed to improve the rabbit digestive and intestinal function. Rabbits given the proper food, minimal treats, and unlimited amounts of hay live the longest, healthiest lives. If you have a bunny, hop on in to see us and our new selection.

New Chew...

As the days get shorter it seems that our dog's attention spans also get shorter. We have found a new chew treat to help keep them busy. The Buckarooz® is one of our new free range chew items. These are deer antlers that come from the annual natural antler shedding process.

Buckarooz come with the Happy Deer Guarantee: No deer were harmed, bullied or even teased during the making of these treats! We also have new free range Bully Sticks that are nearly odor free.

Fun and Tuff all at the Same Time...

As we all know some dogs will chew through anything, including the front door. Yet, we continue to look for the ever elusive tuff, soft squeak toy. I guess some people never

learn...anyway, we have some new toys with Chew Guard Technology™. Chew guard adds a super tough, durable liner to every toy; with a pulling strength of about 30 kg and reinforced seams, Chew Guard toys should stand up to the toughest chewers. Chew Guard Technology™ cannot stop every dog, but it can sure slow them down.

Earthy Crunchy...

We have added a new food from the makers of Merrick canned food. *Whole Earth Farms*, dry and canned formula is a great food at a great price (a thirty-five pound bag of kibble is \$38.99). Healthy and quality ingredients have been used to make this balanced and budget conscious food. *Whole Earth Farms* is a multiple protein source food full of vitamins and minerals. You will also find interesting ingredients such as dried cranberries and blueberries, flavorful rosemary, sage and thyme. We have puppy, adult and senior formulas now available.

As the weather gets cold we all like to pull out our favorite comfort foods. Now your dog can do this too. The good folks at Merrick now have four new canned Winter Seasonal flavors. Come in and take a peak at this and all the fun new things we have.

Adoptable Cats of the Month, Tex and Skylar...

Tex is an adventurous guy who loves to explore. He likes attention and playing with his toys, you might even get him to Two Step. Tex is also very willing to snuggle or lounge. Skylar is an outgoing and friendly girl. Very easy-going, affectionate, she would be a great addition to any home. Tex and Skylar are available for adoption at the Iowa City Animal Care and Adoption Center. To learn more about Tex, Skylar or any other dog or cat at the Center you can call (319) 356-5295 or visit www.icanimalcenter.org. You can also visit at [4852 Sand Rd SE](http://4852SandRdSE).

All the Better to See You With...

We have all things that glow and blink. Leashes, collars, and tags are just the tip of the iceberg for items to illuminate your early morning or evening walks. We are all about being visible in the dim light (or snow flurries). This not only includes you and your dog, but also their toys. Durable L.E.D. balls, discs, and glowing footballs can make even the darkest evening full of fun (and they don't get lost in snow banks).

Get Tutored...

Tutored, neutered it all sounds about the same to a dog or cat, but what a difference it can make in their lives. The Iowa City Adoption Center is holding a low cost Spay Day November 17th. If you have or know of a cat, dog or bunny that needs to be spayed or neutered give them a call to set up an appointment (319) 356-5295. As Bob Barker would say, 'have your pets spayed or neutered'.
